TRANSIMS:
Applications and Development

Argonne National Laboratory, April 8-9, 2010

http://tracc.anl.gov

The Transportation Research and Analysis Computing Center at Argonne National Laboratory and the Federal Highway Administration are organizing a two day workshop on "TRANSIMS Applications and Development" scheduled for April 8 and 9, 2010. The workshop will be held at Argonne's Transportation Research and Analysis and Computing Center in West Chicago, IL. The facility is located at the DuPage Flight Center, which is located about 35 miles from Chicago's O'Hare airport.

This workshop will be a forum for exchanging insights and experiences regarding the current application of TRANSIMS as well as discussing future TRANSIMS developments. Topics of the workshop will include: TRANSIMS application studies, visualization of the results, user interface, open source development issues, parallelization, and more.

Talks are by invitations. Everyone is invited to attend the workshop. There will be no registration fee.

For questions with regards to this workshop, please contact one of the organizers:

- Hubert Ley at +1 (630) 252-8224 or hley@anl.gov
- Brian Gardner at +1 (202) 366-4061 or brian.gardner@dot.gov
- Vadim Sokolov at +1 (630) 578-4238 or vsokolov@anl.gov
